“In this Direct Control District “***corner cut setback area***” means an area at the intersection of Kensington Road and 10 Street NW defined by a straight-line intersecting with two ***property lines*** at a minimum distance of 4.5 metres along each of the ***property lines*** from the former where they meet, as shown in Illustration 1. (An illustration will need to be included).”

The intent of this request is it ensures the minimum distance of 4.5m from the corner is achieved, as this would allow for a pedestrian refuge to evolve.
