HIGHLIGHTS

- This application seeks to redesignate a portion of the subject parcel to allow for the construction of an addition to the existing commercial building.
- The proposal unifies the site under a single land use designation and corrects the inconsistency of two land use districts applying to the site that has been present for many years.
- What does this mean to Calgarians? The application would allow expansion of small scale commercial and community serving uses on the parcel.
- Why does this matter? The proposed land use amendment would enable the owner to utilize the entire site for the social organization tenant, which serves the local community and surrounding areas.
- A development permit was submitted on 2023 September 26 and is under review.
- There is no previous Council direction regarding this proposal.

DISCUSSION

This land use amendment application in the northwest community of West Hillhurst was submitted on 2023 September 5 by Frame and Finish on behalf of the landowner, Eagle Properties Ltd. (Erna Roepke). The site is utilized by a Social Organization, Made by Momma, that provides assistance to families. A development permit for an addition to the existing building has been submitted and is currently under review.

The corner site is located at the intersection of Westmount Road NW and 21 Street NW. The site is developed with a commercial building with lane access at the rear. The proposed redesignation of a portion of the site, approximately 0.02 hectares (0.05 acres), would unify the subject site under a single land use district.
