Update on Business Supports

September 6, 2024

Background – Bearspaw South Feeder Main Break and Repair

- Initial break occurred June 5, 2024
- Businesses in Bowness were under a boil water advisory for several days
- Businesses in Montgomery were impacted by construction to repair the Feeder Main for approximately 4 weeks in June/July and again in August/September.
- Implementation of Stage 4 Water Restrictions significantly impacted industries such as irrigators, landscapers, and nurseries.
