Hello Sir/ Mam

I am Arshdeep Singh owner of 254 Saratoga Close NE , Calgary, AB.

I want to use the house for child care services (at least 20 or whatever city allows). I feel like this is a perfect area for having a child care facility as it has a huge yard and it is on the corner where children can enjoy the outdoor activities, I want to use basement for winter time for their play and other physical activities (as it is open wide).

This house is light friendly and have open concept which gonn give children a happy and healthiest environment.

2 big parks which are very close and children can enjoy a field trip in summer time.

That will be greatly appreciated if you can allow that.

Thanks

Arshdeep Singh
