Housekeeping Amendments to the Land Use Bylaw

## Recommendations

That Calgary Planning Commission:

1. Forward this report to the 2024 October 8 Public Hearing Meeting of Council.

That Calgary Planning Commission recommend that Council:

2. Give three readings to the proposed amendments to the Land Use Bylaw 1P2007 as outlined in Attachment 2.

## Monitoring Implementation

- Administration is monitoring the implementation and outcomes of Rezoning for Housing (21P2024)
- It is typical to identify the need for housekeeping amendments after significant rezonings or bylaw changes
- Some developments now require development permits, where only building permits were required previously
- The proposed amendments would return to only requiring building permits
