

Biannual Infrastructure Insights Report - Q3, 2024

October 16, 2024

Recommendations

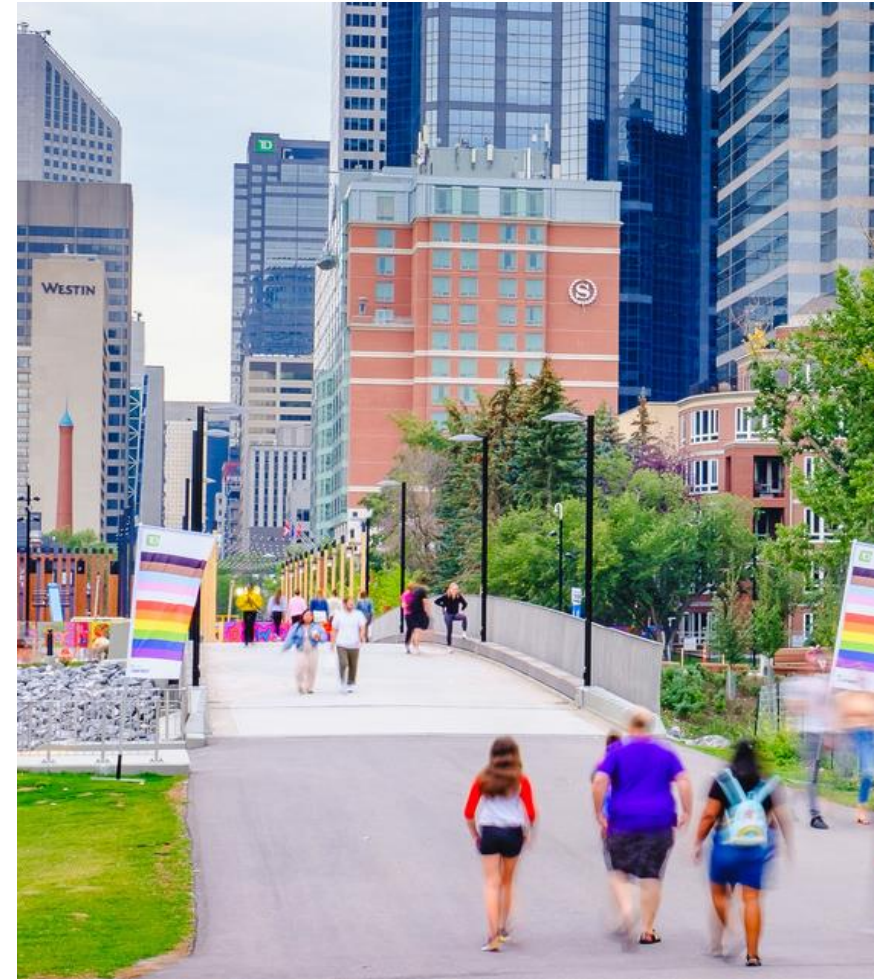

That the Infrastructure and Planning Committee recommend that Council:

1. Receive this report for the corporate record.
2. Direct that Confidential Attachment #3 be held confidential pursuant to Sections 25 (Disclosure harmful to economic and other interests of a public body) of the *Freedom of Information and Protection of Privacy Act*, to be reviewed by 2034 October 16.

Highlights

- The City is committed to building a resilient city that provides Calgarians with equitable access to the services they value.
- As Calgary quickly grows towards a city of two million, our infrastructure gap is also growing.
- We are piloting and adopting new, innovative, and customer-focused approaches to construction in Calgary.

Improving mobility by extending the lifespan of important bridges

Launched Phase 1 sales of Constellation Industrial Park

Building a 1:100 level flood barrier to increase our flood resiliency

We are building social, economic and environmental resiliency for Calgary

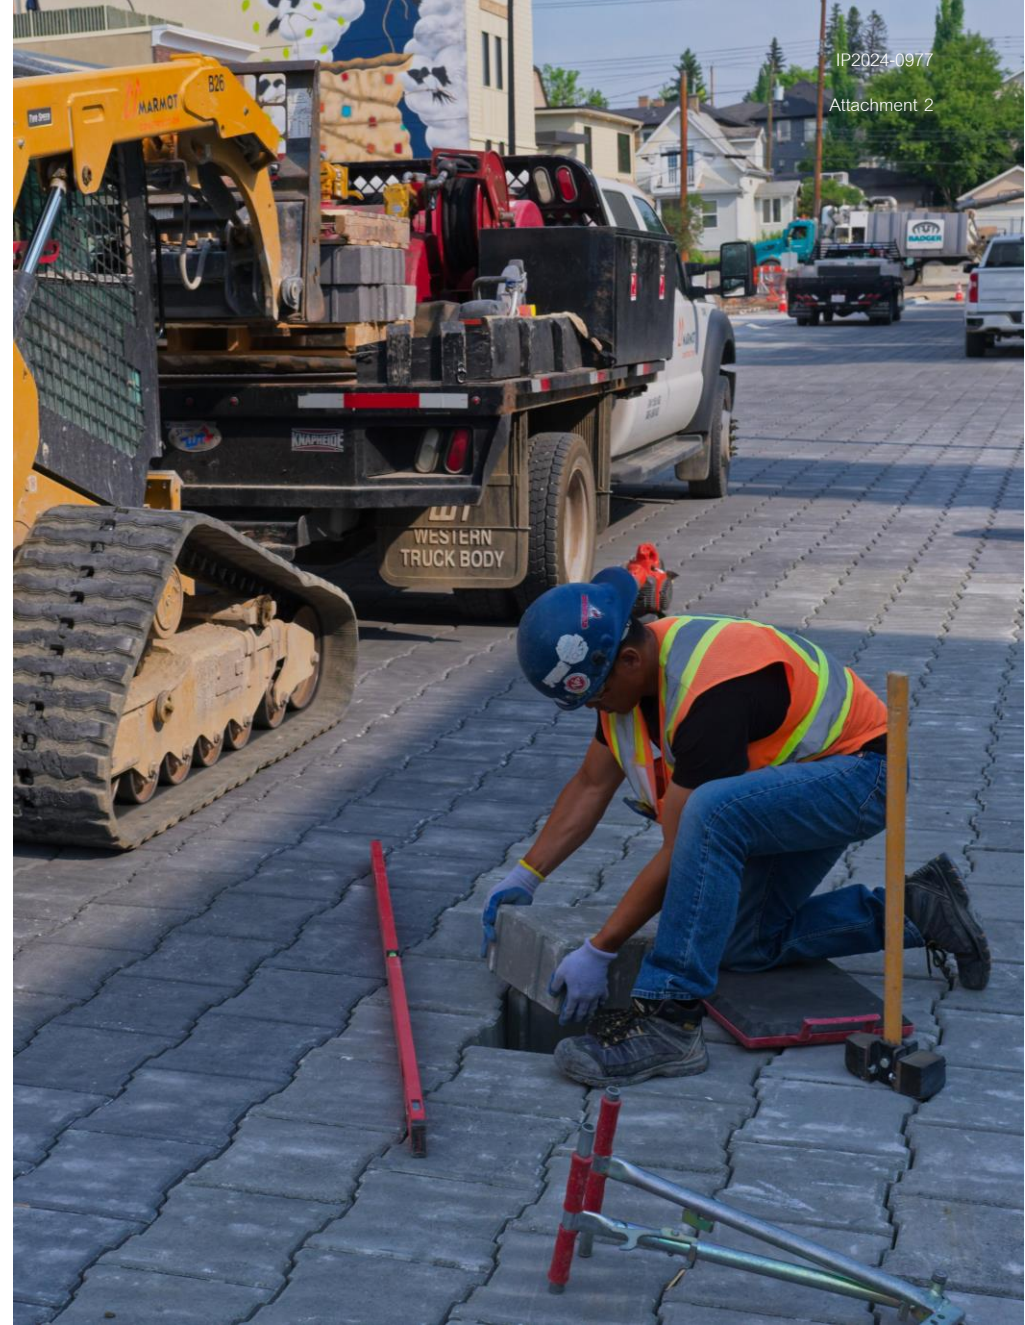

The City continues to respond to pressures impacting infrastructure delivery

7,000+ job vacancies in the construction industry

\$7.2b Infrastructure gap that continues to grow

Bearspaw Feeder Main Break

Collaboration

Assessment & preventative repairs

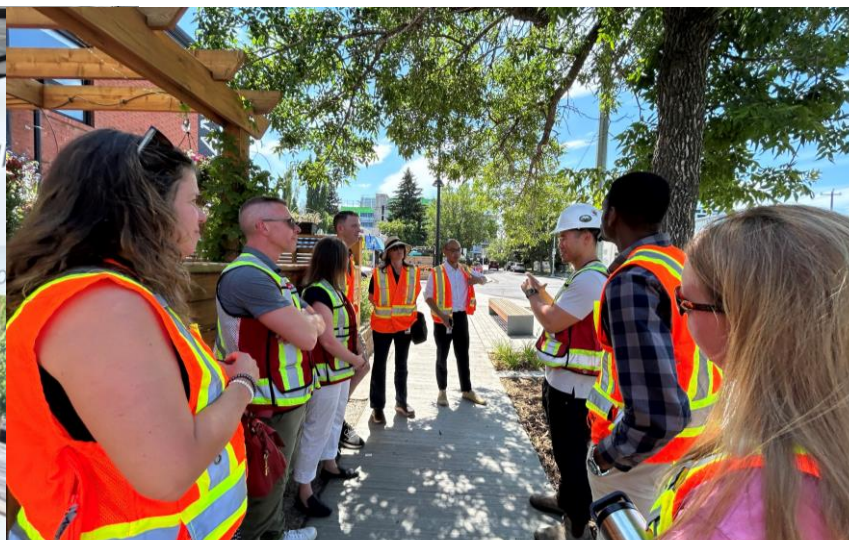

Root cause Analysis & 3rd party assessments

Improving Redundancy and resiliency

We would like to thank all Calgarians for their understanding and support throughout the emergency response and subsequent planned repairs.

Piloting new approaches to support businesses, residents and area users during construction

Coordinating across project teams to mitigate the impacts of overlapping construction projects in communities

Using design cycles to understand citizen challenges around construction sites and projects

Delivering Great Service and Value for Calgarians
