HIGHLIGHTS

- What does this mean to Calgarians? The City Auditor's Office provides independent and objective audit assurance services to add value to The City of Calgary and enhance public trust.
- Why does it matter? In 2022, Calgary City Council included climate resilience as a foundation of their strategic direction for 2023-2026. The City of Calgary implemented CEIP with a \$20.6M budget to provide low-interest financing to Calgarians for efficient and renewable residential upgrades that save energy and reduce GHG emissions. Effective CEIP administration supports achieving the program's climate objectives and mitigates financial and reputational risks.

RISK

Recommendations in this audit report support Administration in their on-going mitigation activities related to the Sustainable City Principal Corporate Risk.
