I am writing to express my support for the proposed land use change at 727 Heritage Drive SW to allow for the additional use of child care services. There are currently no daycare facilities within close proximity to this area, and I believe that introducing one would provide essential support to families in our community.

The addition of a child care center would address a significant gap in local services and contribute positively to our neighborhood by offering a safe and convenient option for working parents. As the proposed change maintains the existing building height limits and adheres to a reasonable building area ratio, it aligns well with the current landscape and residential needs.

Thank you for considering this feedback.

This location offers easy access from Heritage Station and nearby bus stops, making it a convenient choice for families who rely on public transportation. Additionally, the area is surrounded by several schools, which would further benefit from having a child care service in close proximity.

Providing a child care center at this location would support the needs of families in our community by offering a well-situated and accessible option. This initiative would greatly enhance local services and foster a stronger, more supportive environment for families and children in the neighborhood

We are writing to formally appeal the proposed land change for the property located at 727 Heritage Drive. As residents of this neighborhood and right next-door neighbors, we have significant concerns regarding the impact this change will have on our property and nearby community. This alteration will undoubtedly affect the quality of life for the residents, including ourselves. The increased traffic will lead to significant noise pollution, pose safety risks and add additional burden on the existing infrastructure. Secondly, the proposed land change does not align with the overall character of our neighborhood. Our community is known for its unique peaceful character and this change will disrupt the harmony and aesthetic appeal of the area. The construction of a large building will lead to prolonged disturbances. Furthermore, the value of our property will be negatively impacted by high noise, pollution, industrial activities and high traffic. Furthermore, we believe that there has not been adequate consultation with the residents who will be directly affected by this change. It is crucial that the voices of the community are heard and considered in such significant decisions. We will also be bringing these concerns forward at the planned public hearing. Thank you for your attention to this matter. We look forward to your response.

I am writing to express my enthusiastic support for the proposed daycare in the Haysboro area. This facility has the potential to be an incredible asset for our community, and I believe its location and layout make it an ideal choice for families in the neighborhood.

The daycare's location offers excellent accessibility, situated near major transit routes and within walking distance for many local families. This convenience will provide parents with an easy drop-off and pick-up experience, especially during busy mornings. Moreover, the daycare's spacious yard is a fantastic addition, giving children the opportunity to enjoy outdoor play in a safe and open environment. Access to a large yard is invaluable for child development, encouraging physical activity, creativity, and social interactions.

With this facility, we're not only meeting a growing need for quality child care but also fostering a nurturing and supportive space for our youngest residents. I strongly urge the council to approve this project, as it will be a significant benefit to families and a great addition to Haysboro.

Thank you for your consideration.
