Cooperative Housing is considered affordable Housing as we provide subsidies housing oto those in need and our Max housing for non- subsidized units at at least 70% of the Market Housing costs in Calgary. Unfortunately the Market doesn't understand the Copperative Model and fail to understand we are not a condo and no one owns a unit. We have Members not Tenants. People become members when they move in. Our application process is an open process. We are very diverse committee. Our Members pay for all areas of the Coop ad we do not make a profit. We are non profit. It would really benefit the Coop as we are non profit. In order to keep up with repairs of our aging building, pay all the expenses and maintain affilordability in the housing the exemption would really help.
