I am totally opposed to the building of a "Townhouse" located at 4636 - 20 Avenue NW. This once quiet neighborhood is now subject to an alarming increase in traffic due to all the duplexes added to this block in less than two years, adding a "townhouse" on this space will add even more traffic to this block. We already have increased traffic in this area during certain times of the day because of the elementary school located on 46 Street NW. I worry for the children crossing this street with all the traffic and the amount of people speeding through this zone, which is constantly, we also have the seniors center on the same street, and I worry for their safety as well when they are out walking. Also, where are people in this "townhouse" suppose to park their vehicles, this block already is overcrowded with vehicles. As mentioned, we have a school and seniors complex on 46 Street which people are parking on, we do not need more vehicles fighting for spots on the road. Also the sewer and water lines in this area are very old and can not handle more families moving in, my family has lived on this block for over 50 years and I have noticed the difference with water pressure since all of the added families moving in due to all of the duplexes added on this block adding a "townhouse" will add even more issues. Either a single dwelling home or duplex would be more suitable at this location, no "townhouse".

Dear Council,

I would like to express my opposition to the Montgomery area development plan LOC2024-0237 Bylaw 9P2025 due to the following reasons:

1. Parking issues already in this area
2. I am concern about the drop off of my kid as this place is right across from the Terrace road school. If this area becomes too high density where am I going to drop off my kid.
3. The main street area is already developed there two big buildings with apartments

Best Regards,
Gaby Ulloa
