Before undertaking the project, our office completed the "Community Outreach Assessment". The project's impact score is "1A". So we are implementing a direct approach to reach to community association, local residents within a 100 meters radius and also Ward Councilor Office.

On October 31st, 2024, our staff did post card deliver to residents within a 100 meters radius. During the process, our staff did door knocking and spoke with residents at home. The main concerns our office got are with regards to increased traffic, increased density, height, shadow effects, and safety. We believe those can be properly dealt with at the development permit stage.

On Oct. 25th, we meet with Councilor Wong and his staff. While overall supporting more density along 23rd, Councilor emphasize on engagement effort.

We have also contacted community association. Until today, we haven't received any response yet.
