

# Calgary Plan Next Steps

## Overview

This attachment provides a summary of the work that Administration will undertake following the approval of the Calgary Plan. Policies no longer required will be repealed and several statutory policies will be updated to align to the changed policy framework. Several areas of focus for implementation are identified to summarize key next steps.

### A. POLICIES TO REPEALED

Nine Council approved policy document have been incorporated in the Calgary and are redundant. These have been identified in Table 1 below and will be repealed once the Calgary Plan is approved.

**B. POLICIES TO UPDATE**

i. Statutory Policies

When the Calgary Plan is adopted and the current Municipal Development Plan (MDP Volume 1) and implementation guidebooks (MDP Volume 2) are repealed, it will create a policy gap in policy for seven Area Redevelopment Plans (ARPs) that leverage the existing policy framework. These are listed in Table 2.

For these ARPs, minor updates will be needed to align policy references. The intent and policies of these plans will remain unchanged. Updates will be brought to Council after third reading of the Calgary Plan.
