Commissioner Hawryluk	<p>Reasons for Approval</p> <ul style="list-style-type: none">This application revises a previously approved Outline Plan in Yorkville. The Fire Department has asked that the location of the future Fire Station/EMS facility to be moved to the south to be closer to the intersection of 210 Avenue SW and Sherriff King Street SW, which should improve response times. <p>Slide 10 of Administration's presentation includes maps of the approved and proposed outline plan, which help show the changes (https://pub-calgary.escribemeetings.com/filestream.ashx?DocumentId=315375).</p> <p>In short, this revision should result in a similar population (an increase of 11 units), similar amount of land being dedicated to roads, and a new linear park to connect to the area's wetland.</p>
