

Background and Previous Council Direction

Background

The Chief Administrative Officer's Quarterly Report is a tool used by the Chief Administrative Officer (CAO) to share information with Council and Calgarians about City services and work underway within the organization to support Council's direction and advance important initiatives. The report supports a modernized government and the delivery of Council's priorities as identified through the Shared Strategic Agenda.

Context

The City of Calgary is a large, complex organization, and it is important citizens and members of Council have line of sight into the work underway to advance Council's priorities from the CAO. This report increases transparency into the work directed by Council to Administration and provides a single source for sharing back motions and Notices of Motion, and outstanding Administrative Inquiries.
