CPKC SITE SELECTION PROGRAM

A full-page photograph of a winter landscape. In the foreground, a large, curved, reddish-brown structure, possibly a ski jump or a large pipe, curves through a snowy field with scattered evergreen trees. In the background, a dense forest of evergreen trees covers a slope leading up to a range of rugged, snow-capped mountains under a blue sky with light clouds. The text 'CPKC SITE SELECTION PROGRAM' is overlaid in large, white, sans-serif capital letters at the top left of the image.
