**RECOMMENDATION OF THE CALGARY PLANNING COMMISSION, 2025
 FEBRUARY 27:**

That Council give three readings to **Proposed Bylaw 33P2025** for the amendments to the Millican-Ogden Area Redevelopment Plan (Attachment 2).

HIGHLIGHTS

- This application seeks a policy amendment to the *Millican-Ogden Area Redevelopment Plan* (ARP) to allow for rowhouses and townhouses, in addition to the building types already allowed under the ARP (e.g., single detached, semi-detached and duplex dwellings).
- The proposal represents an appropriate density increase of a residential site, allows for development that is compatible with the character of the existing neighbourhood and is in keeping with the applicable policies of the *Municipal Development Plan* (MDP).
- What does this mean to Calgarians? The proposed policy amendment would allow for greater housing choice within the community and more efficient use of existing infrastructure and nearby amenities.
- Why does this matter? The proposed policy amendment would allow for more housing options that may better accommodate the evolving needs of different age groups, lifestyles and demographics.
- A development permit (DP2024-06235) for a new four-unit rowhouse building and detached garage has been submitted and is currently under review.
- There is no previous Council direction related to this proposal.

DISCUSSION

The policy amendment application, in the southeast community of Ogden, was submitted Horizon Land Surveys on behalf of the landowner, Royal Model Homes LTD on 2024 November 8. The approximately 0.06 hectare (0.15 acre) site is located at the southeast corner of 78 Avenue SE and 22 Street SE. It is currently developed with a single detached dwelling and detached garage with rear lane access.

The proposed policy amendment is intended to accommodate a rowhouse as indicated in the Applicant Submission (Attachment 3). A development permit (DP2024-06235) for a new four-unit rowhouse building with four secondary suites and detached garage has been submitted and is under review.

A detailed planning evaluation of the application, including location maps and site context, is provided in the Background and Planning Evaluation (Attachment 1).
