

An architectural rendering of a modern multi-story residential building at night. The building features a mix of white and brick facades, numerous windows with warm interior lighting, and balconies with glass railings. Some balconies have potted plants. The building is set against a dramatic sky with orange and purple clouds. In the foreground, there is a curved sidewalk, some trees, and a road with blurred cars, suggesting motion. The overall scene is illuminated by the building's lights and the ambient light from the sunset or sunrise sky.
