New Community Growth: Haskayne (GA2024-007 – IP2025-0335)

Dear Committee Members,

On behalf of Highfield Investment Group, I would like to express our full support for the Haskayne Growth Application. This project represents an opportunity to enable development in a sector that has historically seen strong demand with limited supply.

We are working to prepare an Outline Plan and Land Use Amendment submission for the subject lands and anticipate submission in Q2 2025. These lands require no capital and will benefit from \$36.20M in previously funded investments.

We support Administration in requesting approval of this Growth Application. We understand that the Growth Strategies team will be reporting back on our request to have immediate approval for files that do not have capital requirements. The Haskayne Growth Application is a great example of a development that will provide certainty and confidence for the northwest sector. We kindly request Council consider this application for immediate approval if deemed appropriate.

As one of many committed developers in this sector of the City, Highfield Investment Group believes the request will enable a significant opportunity to provide more housing choice, promote affordability, and support continuity of development for efficient service delivery.

Thank you to your Administration, Committee and Council for your collaboration and consideration.

Sincerely,

  
Adrian Munro  
President
