

# 2018-2020 FCSS Funding Recommendations

ITEM #7.14 CPS2017-1124  
ATTACHMENT

Funding recommendations vary from one to three years.

- Programs that had previously received multi-year funding were reviewed by Administration. If there are no programmatic or organizational concerns, the programs are recommended for another three years. If Administration determined that the organization requires more time to address challenging governance situations and/or to demonstrate alignment to evidence-based practice, a one-year funding recommendation is made and accompanied by a condition, as noted in the column called "Condition Endnote" to the left of the organization name.

- Programs that had previously been funded for one year through the 2016 Call for Funding Proposals are now recommended for either two or three years of continued funding, to align all the programs in an organization to a three-year funding term. These programs are marked with an \* to the left of the organization name.
