RECOMMENDATION OF THE CALGARY PLANNING COMMISSION, 2025 JUNE 5:

That Council give three readings to **Proposed Bylaw 108D2025** for the redesignation of 0.04 hectares \pm (0.09 acres \pm) located at 48 Elgin Terrace SE (Plan 0713338, Block 44, Lot 2) from Direct Control (DC) District to Residential – Low Density Mixed Housing (R-G) District.

HIGHLIGHTS

- This application seeks to redesignate the subject site to allow for grade-oriented development in a range of housing forms at a scale consistent with low density residential districts.
- The proposal represents an appropriate density increase of a residential site, allows for development that is compatible with the character of the existing neighbourhood and is in keeping with the applicable policies of the *Municipal Development Plan* (MDP) and the *East McKenzie Area Structure Plan* (ASP).
- What does this mean to Calgarians? The proposed land use amendment would allow for greater housing choices within the community and more efficient use of existing infrastructure and amenities in the community.
- Why does this matter? The proposed Residential – Low Density Mixed Housing (R-G) District would allow for more housing options that may better accommodate the evolving needs of different age groups, lifestyles and demographics.
- No development permit has been submitted at this time.
- There is no previous Council direction related to this proposal.

DISCUSSION

This land use amendment in the southeast community of McKenzie Towne was submitted on 2025 February 13 by the applicant, Cecilia Urate on behalf of the landowner, Junaid Malik. No development permit application has been submitted at this time. As noted in the Applicant Submission (Attachment 2), their intent is to develop a secondary suite on the property.

The existing Direct Control (DC) District is based on the R-2 Residential – Low Density District of the previous Land Use Bylaw 2P80, which does not include secondary suite as a listed use. The proposed R-G District would provide for the secondary suite use and support the applicant's development intentions.

The mid-block parcel is approximately 0.04 hectares (0.09 acres) in size and currently developed with a single detached dwelling with lane access. The proposed R-G District would

allow for secondary suites, in addition to rowhouses, cottage housing, semi-detached, single detached and duplex dwellings.

A detailed planning evaluation of the application, including location maps and site context, is provided in the Background and Planning Evaluation (Attachment 1).
