

# Summary of CPC Closed Session

As part of the Land Use Bylaw Housekeeping Amendments report (IP2025-0251), a closed session was held on 2025 February 27 with Calgary Planning Commission for members to provide feedback to the project team on draft amendments to Land Use Bylaw 1P2007. Feedback from the session was considered and incorporated, where possible, in the proposed amendments. Comments and feedback received during the closed session have been summarized as follows:

## **Mobility Storage Lockers**

- Confirmed that Class 1 bike parking would still be required even if the requirement for mobility storage lockers is removed.
- Concerns with removing the requirement for mobility storage lockers given public investments in infrastructure for biking and other active transportation modes.
- Desire for the rule to be removed.
