

Community Services Prevention Investment Framework Examples of In- and Out-of-Scope Investments

The following are examples of pilot projects or program expansions that are aligned with the intent of the Community Services Prevention Investment Framework, and those that are out-of scope. These are provided as samples only, and are not exhaustive.

In-Scope	Out-of-Scope
 Pilot projects addressing gaps in preventive service delivery 	Long term strategy development
 New and expanded regional programming 	Capital investments in infrastructure such as buildings and technology
Sportsfield repurposing	 Process improvement work not related to outcomes
Increased Crime Prevention Investment Plan funding to support non-profit partners	
Programs to address the opioid crisis	
 Subsidized City services and programs
