Corporate Security Implementation Plan

PFC2017-1101

Chief Security Officer, Owen Key

2017 December 5

Distribution: Admin
CITY CLERK'S DEPARTMENT

Corporate Security's request addresses:

Increase in emerging threats and risks that impact business continuity

Increase in devices and users requires an increase in security measures

Increase in CAN/USD exchange rate during purchasing of information security products

Corporate Security's Request Benefits

Aligns with the following Council priorities:

- A Well Run City
- A City that Moves
- A City of Inspiring Neighbourhoods

This request will:

Mitigate Risk

- Protects information
- Physical access to space
- Public security

Benefit Society

- Contributes to service delivery
- Increased usage of public spaces

Benefit the Environment

- Protects Infrastructure (Utilities)
- Enables resiliency and business continuity

Benefit the Economy

- Reduced economic loss
- Fewer insurance claims and accrued costs

Recommend that Council:

1. Receive for information the Corporate Security Capital Request Implementation Plan and Attachments; and
2. Approve capital budget as per Attachment 2, to be funded by corporate capacity identified by Infrastructure Calgary.
