

## Public Submission

CC 968 (R2024-05)

**Collection Notice:**

Personal information is collected for the purpose of public participation in municipal decision-making by Council and Council Committees and scheduling speakers for Council or Council Committee meetings. Your personal information may also be used by an automated system to generate content. This collection is authorized under Procedure Bylaw 42M2025, and Section 216.4 of the *Municipal Government Act* and Sections 4(a) and (c) of the *Protection of Privacy Act of Alberta*.

**Reminder:**

Public Meetings are broadcast live and recorded for future public viewing.

By entering the Council Chamber or by speaking at a meeting of Council or a Council Committee, you are consenting to The City of Calgary using, disclosing and retaining your name, image, and comments.

If you speak at a meeting of Council or a Council Committee, your name will appear in the meeting minutes, which are retained as a permanent public record. Your name, image and/or comments may be made publicly available in the live video broadcast and recordings of meetings that are publicly accessible on [Council and committee agendas, minutes and video](#).

The use, disclosure and retention of your personal information is for the purposes established by the Procedure Bylaw 42M2025, and Section 216.4 of the *Municipal Government Act* of Alberta.

If you have questions regarding the collection and use of your personal information, please contact: City Clerk's Office, Legislative Services, 403-268-5861, or 700 Macleod Trail S.E., P.O. Box 2100, Station M (MC 8007), Calgary, Alberta, T2P 2M5.

**Please note that your name and comments will be made publicly available in the Council or Council Committee agenda and minutes. Your e-mail address will not be included in the public record.**

**ENDORSEMENT STATEMENT ON TRUTH AND RECONCILIATION, ANTI-RACISM, EQUITY, DIVERSITY, INCLUSION AND BELONGING**

The purpose of The City of Calgary is to make life better every day. To fully realize our purpose, we are committed to addressing racism and other forms of discrimination within our programs, policies, and services and eliminating barriers that impact the lives of Indigenous, Racialized, and other marginalized people. It is expected that participants will behave respectfully and treat everyone with dignity and respect to allow for conversations free from bias and prejudice.

First name [required] Jennifer

Last name [required] Dobbin

How do you wish to attend? In-person

You may bring a support person should you require language or translator services. Do you plan on bringing a support person? No

What meeting do you wish to comment on? [required] Council

Date of meeting [required] Apr 21, 2026

What agenda item do you wish to comment on? (Refer to the Council or Committee agenda published [here](#).)

[required] - max 75 characters LOC2025-0057 - DC Redesignation at 6020 94 Ave SE

**Public Submission**

CC 968 (R2024-05)

Are you in favour or opposition of the issue? [required]

In favour

**CALGARY AGGREGATE  
RECYCLING**

# C.A.R. Operations

**Asphalt, Aggregate and Concrete Plant**

**New: Materials Recycling Facility**

# C.A.R. Operations

## Materials Recycling Facility

# C.A.R. Operations

## Inputs

### Accepted Material Streams

The following material can be accepted at the facility, provided it meets the criteria from Required Analytical Testing:

- Soil & Contaminated Soils from:
  - construction and demolition sites,
  - municipal land use zones classified as commercial and light industrial,
  - soils from sand and gravel pit operations,
- Non-hazardous hydro-vac material
- Aggregate
- Asphalt (*for crushing, not washing*)
- Concrete (*for crushing, not washing*)
- Debris mixes from construction and demolition sites

### Prohibited Material (Rejected from Processing)

- Hazardous waste as specified in the Waste Control Regulation, AR 192/96, as amended
- Dangerous oilfield waste
- Municipal solid waste
- Domestic wastewater
- Explosive(s)
- NORM waste (Naturally occurring radioactive material)
- Biomedical waste; and
- Ozone depleting substances

# C.A.R. Operations

## Outputs

### Sellable Materials

The following materials are generated and sold for use in construction, road maintenance, landscaping, and other applications:

80 mm Recycled Concrete

25 mm Recycled Asphalt

40 mm Recycled Concrete

Bank Pit Run

25 mm Recycled Concrete

Clean fill

80 mm Gravel

Washed 40 mm Drain Rock

10, 20, & 25 mm Gravel

Washed Fine/Course Sand

# C.A.R. Operations

## Output Destinations

**Sand & Aggregates** are sold to end users for landscaping, construction and infrastructure maintenance purposes.

**Water** is provided back to hydro-vac operators for use in their process and reused within the wash process repeatedly.

**Fines** are processed down-stream for use as a concrete additive. New uses for the fines material is being explored with the City of Calgary for landfill separation and coverage, and other users for carbon sequestering, and agricultural purposes.

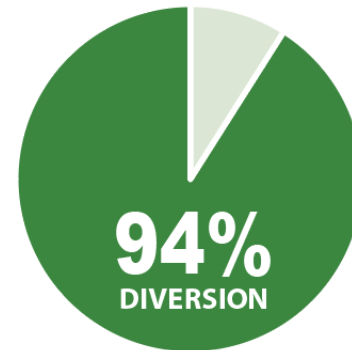

# C.A.R. Operations

## Outcomes

# 360,390 TONNES

Total amount of waste diverted from landfills in 3 years of operations

**TARGET:  
100%  
DIVERSION**

# C.A.R. Operations

## Climate Action Alignment

Calgary Aggregate Recycling operates to divert significant amounts of waste from landfills and reduces carbon emissions meeting several of the goals as set out in the *Calgary Climate Strategy Pathways* including:

### Consumption and Waste

City of Calgary is seeking to divert 70% of waste from landfills by 2025 [p. 20].

### Carbon Removal

Reduction in GHG emissions from waste transportation, reduced virgin materials mining, and reduced virgin materials transportation.

### Water Adaptation

Reducing water consumption through storm water collection, reuse of water within wash operations, and use of water from hydro-vac inputs instead of using municipal water.

# C.A.R. Operations

## Climate Action Alignment

Calgary Aggregate Recycling operates to divert significant amounts of waste from landfills and reduces carbon emissions meeting several of the goals as set out in the *Calgary Climate Strategy Pathways* including:

### Consumption and Waste

City of Calgary is seeking to divert 70% of waste from landfills by 2025 [p. 20].

### Carbon Removal

Reduction in GHG emissions from waste transportation, reduced virgin materials mining, and reduced virgin materials transportation.

### Water Adaptation

Reducing water consumption through storm water collection, reuse of water within wash operations, and use of water from hydro-vac inputs instead of using municipal water.

# C.A.R. Operations

## Climate Action Alignment

Green House Gas (GHG) emission reductions are achieved by:

- providing a shorter distance to CAR than to the Class II landfill location; reducing virgin aggregate mining activities; and
- reduced transportation for virgin aggregate mining materials.

The combination of these methods results in  
**93% reduction in GHG emissions**  
over traditional disposal and mining operations.

# C.A.R. Operations

## Public Engagement

Email campaign to surrounding industrial businesses; and

In-person meetings with Eastern neighbour business.

### What We Heard

- Concerns about dust mitigation
- Concerns about proposed changes to site access

### What We Did

- Resumed road sweeping for 60<sup>th</sup> Street SE
- Put off driveway access change for future development permit
