

April 14, 2026

To whom it may concern,

**Re: Council Community Fund – Dalhousie Community Garden and Food Forest Project**

**Applicant: Dalhousie Community Association**

I am pleased to provide this letter of support for the Dalhousie Community Association's application to the **Council Community Fund** in support of the **Dalhousie Community Garden and Food Forest project**.

This project represents a strategic investment in community-based infrastructure that will enhance local livability, support environmental stewardship, and strengthen social connection within the Dalhousie community and surrounding neighbourhoods. The proposed garden and food forest will transform an underutilized municipal green space into an accessible, inclusive outdoor amenity that supports food growing, community gathering, and long-term community use.

The project aligns well with **Council's Strategic Priorities for 2027–2030**, particularly **Community Livability and Well-being, Reliable and Sustainable Infrastructure**, and **Balanced Growth and Evolving Neighbourhoods**. By creating a durable, multiuse community space, the Dalhousie Community Garden and Food Forest will contribute to neighbourhood-scale infrastructure that supports wellbeing, encourages stewardship, and delivers tangible benefits to residents over the long term.

The Dalhousie Community Association has demonstrated readiness to advance this project. Detailed concept designs, cost estimates, and supporting technical documentation are complete, and governance structures are in place to oversee delivery and long-term management. With an overall project cost of approximately **\$393,000** and a Council Community Fund request of **\$300,000**, this proposal represents a well-defined and thoughtful use of one-time funding to deliver a lasting community amenity.

Community driven projects such as this play an important role in enhancing neighbourhood resilience, supporting social connections, and ensuring Calgarians have access to safe, welcoming public spaces close to home. I am pleased to sponsor and support this application and respectfully encourage its favourable consideration through the Council Community Fund.

Sincerely,

**Councillor D.J. Kelly**

Ward 4

DEVELOPMENT PERMIT  
LAND USE BYLAW NO 1P2007

EC2026-0280  
ATTACHMENT 4

DP2025-01869

This permit relates to land in the City of Calgary municipally described as:

**6025 DALGETTY DR NW**

Community: **Dalhousie**

L.U.D.: **S-SPR**

and legally described as:

**5579JK;10;A**

and permits the land to be used for the following development:

**Changes to Site Plan: Community Recreational Facility (parking, landscape & pergola)**

The present owner and any subsequent owner of the above described land must comply with any attached conditions.

The development has been approved subject to any attached conditions and to full compliance with the approved plans bearing the stamp of approval and the above development permit number.

Decision By: **Development Authority**

Date of Decision: **July 9, 2025**

Development Authority: **Coleen Auld**

File Manager: **Rui Liu**

Release Date: **Apr 13, 2026**

**This permit will not be valid if development has not commenced by: July 09, 2027**

This Development Permit was advertised on: **July 17, 2025**

**This is NOT a Building Permit**

In addition to your Development Permit, a Building Permit may be required, prior to any work commencing. further information, you should contact the City of Calgary, Planning, Development & Assessment - Building Regulations Division.

**WARNING**

**This permit does not relieve the owner or the owner's authorized agent from full compliance with the requirements of any federal, provincial or other municipal legislation, or the terms and conditions of any easement, covenant, building scheme or agreement affecting the building or land.**

A1 Bylaw & Tree Protection Plan  
L01 1250

### Bylaw Summary

landscape area calculations are based on the city of Calgary land-use bylaw IP2007, part 9, special purpose-school, park and community reserve (S-SPR) district

#### requirement summary

- the setback area from every property line must have a minimum depth of 3.0 metres.
- all setback areas on a parcel, not including those portions specifically required for motor vehicles, sidewalks, or other purpose allowed by the development authority, must be a soft surfaced landscape area
- all setback areas must provide a minimum of 1 tree and 2 shrubs per 45 m<sup>2</sup>
- 25% of the overall total must be reserved for coniferous tree species.
- 50% of the required counts must meet either a 3.0m ht for coniferous or 85mm caliper for deciduous

#### total required trees (1 per 45 m<sup>2</sup> of setback area)

- overall trees required (568/ 45) = 13
- total coniferous trees (13 x 0.25) = 3
  - minimum 3.0m ht (\*con) x 50% = 2
  - total deciduous trees (34 x 0.75) = 10
  - minimum 75mm caliper (\*dec) x 50% = 5

- Trees Present on Site
- coniferous trees present on leased land = 13
  - additional coniferous trees required = 0
  - deciduous trees present on leased land = 11
  - additional deciduous trees required = 0

- Tree Totals provided
- total coniferous trees = 0
  - 3.0m ht = 0
  - 2.0m ht = 0
  - total deciduous trees = 3
  - 75mm caliper = 2
  - 50mm caliper = 1

### Existing Trees

\*star indicates the tree is not present on the City of Calgary tree inventory

**Tree Protection**

- Contractor to verify limits of disturbance and reconcile field conditions with drawings and schedules if discrepancies exist.
- The contractor shall report any discrepancies between site conditions illustrated to those existing at the time of construction to the owner's representative.
- Contractor is responsible for locating utilities and protecting same from damage during construction. Contact Alberta One Call at 1.800.242.3447 prior to installation of tree protection fencing.
- Tree protection fencing is to be installed 4m away from tree trunk, where space is available a minimum of 12m height a bright, contrasting colour and durable.
- Area within tree protection fencing with proposed construction is to be approached with caution - consult owner's representative prior to construction.
- Fencing must not interfere with access to fire hydrants, intersections or traffic signage.
- Tree protection fencing must be implemented and maintained for the duration of the project.
- Contractor to ensure signage indicating the protected tree status provided by the City of Calgary is attached to each protective fence.
- Contractor to conduct pre- and post-construction tree care measures including watering, mulch and soil aeration to ensure existing trees don't die from soil disturbance.
- Those trees within any disturbance shall be watered biweekly throughout the active growing season.
- Contractor to use anti-compaction devices to minimize root damage when working in close proximity to protective barriers.
- Typical practice for construction methods and equipment will be used on City of Calgary lands to stub and decommission existing park irrigation from the project area and make adjustments to the boulevard to accommodate parking lot access.
- The limit of disturbance illustrated includes all proposed land disturbances, excavation zones, trenching and grade changes.
- No changes to existing street lighting, fire hydrants or utility boxes are proposed.
- If canopy clearance or root pruning is necessary, Urban Forestry shall be given a minimum two days notice through 311. An approved tree contractor shall complete the work at the contractor's expense.
- Open cut excavation to be used on public land.
- Contact information for the Contractor responsible for ensuring work adheres to the approved Tree Protection Plan will be provided upon project award. Prior to construction, the following individual may be contacted for inquiries: Shannon Kirkby, shannon.k@groundcubed.com
