

Recommendations for Exceptions from the Suspension of RFPs, as of 2018 April

Project Name	Business Unit	Impact
Centre Street Bridge Lion – Moved to Rotary Park	Transportation Infrastructure/ Parks	<p>Social: A Council directed project (2013) to preserve one of the historic Centre Street Bridge Lions. Following community consultation, the decision was to move the Centre Street Bridge Lion to Rotary Park and install it overlooking the bridge. Heritage community is pleased with the decision and the design for the installation. Media interest has made this a high profile project, with community desire for this installation to occur. Any delay beyond Q2 2018 will limit the ability to install in 2018, due to weather considerations.</p>
<p><u>Annual Community Programming:</u></p> <ul style="list-style-type: none"> - Utility Box Program - Street Art for Youth - Artists Working in Community 	Recreation/ Public Art	<p>Community Engagement: Programs are community/artist focused. There is not enough time for meaningful community engagement if timelines are delayed.</p> <p>Environmental: Execution and installation of outdoor artworks is weather dependant, which is why these calls are released in the spring for summer projects.</p> <p>Social: Focus on providing educational opportunities and mentorship for local artists.</p>
This is My Neighbourhood (TIMN)	Community Neighbourhoods	<p>Community Engagement: Community has already identified desired projects which are being approved for scheduling in February. A delay will jeopardize the implementation of these neighbourhood projects as the TIMN implementation timeframe is to complete initiatives by the end of 2018.</p>
