Winter Green Cart Collection Schedule

2018 March 14

CITY OF CALGARY
RECEIVED
IN COUNCIL CHAMBER

MAR 14 2018

ITEM: 7.3 UCS2018-0303
Distribution - Administration
CITY CLERK'S DEPARTMENT

2018 March 14

UCS2018-0303

2

Benefits to every-other-week winter collection:

- Fuel and labour cost savings (approximately \$2 million annually);
- Reduced GHG emissions from WRS collection fleet; and
- Increased collection system efficiency.

Risks:

- Potential for excess during shoulder seasons, possible odour issues;
- Potential for increased contamination; and
- Ongoing fixed costs limit the opportunity for savings.

Recommendation

That the Standing Policy Committee on Utilities and Corporate Services direct Administration to:

- Implement every-other-week green cart collection starting 2018 November; and
- Return to the 2018 April 25 Strategic Session of Council with a Green Cart program charge included as part of WRS' indicative rates and fees for 2019-2022.

And further, that Report UCS2018-0303 be forwarded as an item of Urgent Business to the 2018 March 19 Combined Meeting of Council.
