In response to redesignating the land use for 4655-80 St NW Calgary from R-C2 to R-CG is NO!!
The single family homes are being towered over by new developments causing lose of privacy and significant reduction in sunlight reaching over property.

Experiencing parking shortages and increased traffic due to single family homes being torn down in lue of multifamily dwellings.

We want to keep this area as Land Use R- C2 Residential - Contextual One/Two Dwelling

R-C2 is residential designation that is primarily for single detached, side-by-side and duplex homes.
