Re: UCS2018-0688: Climate Resilience Strategy and Action Plans

On behalf of Qualico Commercial, we appreciate the collaborative efforts of Administration, BILD Calgary Region and the various other stakeholders that have put forward considerable time and effort into creating a framework to move this important discussion forward towards an actionable strategy on climate resilience.

To that end, we would echo the two concerns as well as the 3 requests outlined in the BILD Calgary Region letter of June 13, 2018 to the City on this subject. We feel that these are important considerations if this initiative is to go forward with a demonstrable measure of success for all of the stakeholders involved.

Thank you for your consideration of this request.

Regards,

QUALICO COMMERCIAL
