Calgary

## Council Direction - 2016 December 5 C2016-0864

1. Reconsider the reporting requirement arising from Council's direction regarding 2016 January 11 Notice of Motion NM2016-01... and direct Administration to report to the 2016 December 05 meeting of Council.
2. **Approve the Guiding Principles** as outlined in Attachment 1 to be used as an interim guide to reviewing planning applications, in conjunction with the Chinatown ARP, Centre City Plan and other City policies, until a new ARP is approved by Council.
3. **Direct Administration to conduct Phase 1 of work as outlined in the Chinatown Area Redevelopment Plan and Cultural Plan Scope of Work** (Attachment 2) and report back to Council, through the Standing Policy Committee on Planning & Urban Development, with a progress report by no later than 2018 Q2.

## Key Findings – Financial Feasibility & Site Analysis

- “the surface parking lots are financially viable for development at the existing land uses, heights and densities.”
- Factors that may be deterring development:
  - landowner choice
  - small / constrained sites
  - large marketable dev’t sites nearby
    - “numerous locations...offer good opportunities for developers...these are very marketable residential locations, offering good quality public realm, open space and amenities. Given the large number of locations... some locations (such as Chinatown) are likely to experience limited development” → concurs with **Developed Areas Growth and Change document**

13/06/2018

Calgary

## Key Findings – Site Analysis & Capacity

### Site Analysis – 8 vacant sites

- 3 large sites - unique circumstances; own development timing
- Smaller sites - constrained; incremental redevelopment

### Capacity Forecast models

- how many people / units are possible, based on current land uses
- moderate dev't scenario could more than double the population; no need to add more units and population.

## Key Findings, cont'd

### **Green Line + Station at 2 Avenue / 2 Street SW**

- Increase community accessibility
- ARP does not envision

### **New planning policy tools and processes, ex)**

- Urban Design Review Panel
- Guiding Principles
- Historical Context Paper (Q3 completion)

### **Consultants and Budget**

- Cultural Plan / Planning cannot be accommodated in existing budgets

13/06/2018

Calgary

## What next?

- sufficient height / density / uses
- development potential of 8 sites
- typical capacity reasons for an ARP not present
- new policy tools for applications review
- theme of “loss of culture” and stagnation, in 2016 engagement
- budget constraints

→ 3 Options to move forward

Calgary

***Chinatown is not just a place,  
it's a feeling***

June 14, 2018

PUD2018-0514 Chinatown Area Redevelopment Plan Phase 1 Update

7

13/06/2018

Calgary

## Options

### Option 1 – Applications Review

- **Pros:** uses a variety of tools; direct response to applications
- **Cons:** Old ARP (dev't uncertainty); reactive; no cultural vision

### Option 2 - Minor amendments - character / historical context

- **Pros:** Adds additional heritage / character info; quick process
- **Cons:** Old ARP (dev't uncertainty); no cultural vision

### Option 3 – Cultural Plan / Culturally based Local Area Plan – **RECOMMENDED**

- **Pro:** Proactive; comprehensive; addresses all 8 Guiding Principles in detail; opportunity to innovate
- **Con:** long process; requires specialized consulting; requires significant additional budget

13/06/2018

 <b>Cost *Estimates* Options 1-3</b>			
	<b>Option 1 – application review</b>	<b>Option 2 – minor amendments / heritage / signage</b>	<b>Option 3 – Cultural Plan / Culturally based Local Area Plan</b>
<b>Consulting Estimate</b>	-	\$50,000 - \$100,000 - <b>can</b> be accommodated in existing budget	\$500,000 – <b>cannot</b> be accommodated in existing budget
<b>Engagement Hard Costs Est. (ads, venues, etc.)</b>	-	\$10,000	\$100,000
<b>Total Estimated Cost*</b>	-	<b>\$60,000 - \$110,000</b>	<b>\$600,000* +</b>
<b>Expected budget ask</b>	-		<b>Up to \$1,000,000*</b>
*actual costs will only be known following an RFP process *cost will be based on final scope, complexities arising, time			

## Why Option 3?

- a cultural home for Calgary's Chinese community
- Calgary's most distinctive cultural neighbourhood. Timely support may help avoid decline
- demographic transition is imminent or underway
- Green Line & 2 Ave / 2 St Station. ARP does not envision the Green Line
- gateway to the Centre City
- critical link Eau Claire and East Village
- ARP is outdated; not aligned with MDP / City policies

13/06/2018

Calgary

## Recommendation

That the SPC on Planning and Urban Development:

1. Recommend that Council direct Administration to:

- a) proceed with Option 3 Chinatown Cultural Plan / Culturally-based Local Area Plan, as presented;
- b) include the costs associated with Option 3, as identified in this report, in The City Planning & Policy 2019-2022 service plan and budget, when presented to Council in 2018 November; and
- c) report back to Council, through the Standing Policy Committee on Planning & Urban Development, with a detailed scope of work for Option 3 by not later than 2019 July, if budget for Option 3 is approved in the 2019-2022 service plan and budget.

June 13, 2018

The City of Calgary  
His Worship Mayor Naheed Nenshi and Members of City Council  
800 MacLeod Trail S.E.  
Calgary, Alberta T2P 2M5

Re: Chinatown Area Redevelopment Plan Phase 1 Update, PUD2018-0514 to the Standing Policy Committee on Planning and Urban Development

Mayor Nenshi and Members of Council,

With a long-term, stakeholder-led and endorsed Destination Strategy for our city, Tourism Calgary has a strong interest in ensuring our city continues to evolve as a great place to live, and equally, a great place to visit.

The vision of Calgary's Destination Strategy is to make Calgary the ultimate host city.

Achieving that vision requires collaborative action toward several strategic objectives, including one of particular importance to Calgary's communities: ensuring the vitality and sustainability of our unique business improvement areas, including Chinatown.

With the redevelopment plans for Chinatown, Tourism Calgary supports the call for a safe and clean district, improved business opportunities and an enhanced experience for visitors and Calgarians. We look forward to being engaged to support the Chinatown BIA in their endeavours.

From the perspective of the Destination Strategy, we support the request that Council support efforts to establish a 'Chinatown Cultural Plan' that serves both future development of this community's arts, culture and entertainment plus land use and building architectural guides in keeping with Chinatown as a Cultural Village. We also support the development of a new Area Redevelopment Plan that protects Chinatown's history and heritage and also promotes Chinatown as a thriving commercial, cultural and economic destination for visitors and Calgarians.

We look forward to working with the Chinatown BIA to advance this request for the benefit of Calgarians and visitors to our city.

Sincerely,

Cindy Ady  
CEO, Tourism Calgary

CHINATOWN

# IMAGINE IF SAN FRANCISCO ...

CALGARY  
CHINATOWN

# THE DESIRABLE CHINATOWN

---

CALGARY  
CHINATOWN

## **CHINATOWN SUPPORTS OPTION #3**

Because...

- enables 'Distinctive Cultural Recognition'
- a Cultural Plan underpins a Local Area Plan
- a Local Area Plan will provide
  - definitive land development guidelines
  - definitive land use guidelines
  - the foundation to support an efficient multi-modal transportation plan including LRT and Transit
- will support and enable Chinatown's strategic goals and outcomes

And it will enable...

- continual support and development of an inter-generational community for all
- Calgary to celebrate and enjoy one of its earliest cultural societies (since 1883)
- will provide certainty to property owners (i.e. land use and land value)
- businesses to flourish, prosper and employ
- Calgarians, immigrants, visitors and especially tourists the cultural environment and experience that they come to expect in a true Chinatown

## **CHINATOWN SUPPORTS OPTION #3**

To enable this...

- the Chinatown community has and will dedicate its resources to effectively and efficiently support The City's workplan to establish a Cultural Plan and Culturally-Based Local Area Plan
- the City must ensure the Cultural Plan is distinct and specific to Chinatown
- the City must acknowledge that the Cultural Plan encompasses Calgary's Chinese community,

And ...

- the Local Area Plan should reflect upon the current Area Redevelopment Plan
- the process enable a true, collaborative partnership with the Chinatown community
- be processed be guided by quality and time-sensitivity mandates
- Use the current ARP, Chinatown Guiding Principles and Development Guidelines on current land use and development permit

## **CHINATOWN SUPPORTS OPTION #3**

Finally...

- Chinatown does not need height and density as contemplated by City Planners in 2016; there is enough existing capacity
- Chinatown culture does not start and stop at the 'Administrative' Community Boundary borders; Culture permeates to adjacent streets and communities
- Chinatown is for all Chinese and should be available, accessible and affordable through land use and transportation

We want a Chinatown that is ...

- **Vital**
- **Vibrant**
- **Viable**
- **Visual**
- **And Valued by Everyone**

JUN 14 2018

ITEM: 7.2 PUD2018-0514  
Distribution  
 CITY CLERK'S DEPARTMENT

**Presentation to City of Calgary Standing Policy Committee (June 14)**

Honourable members of the City of Calgary Standing Policy Committee:

I am asking you to support the **creation of a Cultural Plan described in Option 3** in your recommendations on the Local Area Plan for Calgary Chinatown. My request is based on the following four points.

**1. The value of Chinese culture to Canadian society and the presence of this culture within Canadian Chinatowns**

Within the context of multiculturalism Chinese Canadians have promoted alternatives to mainstream values. These alternatives are found in critical mass within Chinatowns. They include the promotion of Traditional Chinese Medicine and culturally-sensitive care for the elderly. A clear example is the promotion of health through the consumption of natural foods. Its value is seen in contrast if one recognizes the problems in the use of pharmaceuticals: seemingly innocuous ones such as blood pressure pills create justification for the use of Ritalin for Attention Deficit Disorder and SSRIs for depression, even the use of opioids. In contrast, Chinatowns house practitioners who promote the consumption of natural preventatives more than pharmaceuticals. In addition, they have worked to establish Traditional Chinese Medicine as a complementary system in Canada. Within Chinatowns, one finds herbalists, acupuncturists, and schools devoted to its instruction. Grocers sell the herbal ingredients and the utensils to decoct them.

Another cultural value epitomized in Chinatowns is care for the elderly. They are cared for in culturally sensitive ways, with organized social activities and medical care, in an environment that allows them to use their native language. It has been shown that because of this they live about six years longer than the average Albertan.<sup>1</sup>

Chinatowns also foster connections to China and its culture. For example, Calgary Chinatown has excellent relations with the Chinese consulate here. Chinatown businesses promote bilateral trade and investments. Chinatown venues support diplomatic and ceremonial interactions. These allow Canada to improve relations with China and broaden its trade relations.

Canadian Chinatowns have many functions of which the most important is serving as a symbol of Chinese Canadian culture. The preservation and promotion of Chinese Canadian culture have supported Chinese Canadians and Chinatowns when faced with discrimination. The significance of this function is captured in the words of Ray Lee, who led Sien Lok Society's successful efforts to defend Canadian Chinatowns against the threats of demolition in the 1960s under policies of urban renewal: "To the Chinese Canadians like myself who do not reside in the core, we look to Chinatown as a social-psychological well to which we can return to refresh ourselves."<sup>2</sup> This role has also led Canadian Chinatowns to become gateways for non-Chinese Canadians to experience Chinese culture. Amid the various festivals, celebrations, restaurants, and shops, non-Chinese Canadians can enter into Chinese Canadian culture and gain exposure to all its

<sup>1</sup> Hude Quan, Fu-Lin Wang, Donald Schopflocher, and Carolyn De Coster, "Mortality, Cause of Death and Life Expectancy of Chinese Canadians in Alberta," *Canadian Journal of Public Health* 98.6 (Nov.-Dec. 2007), 500.

<sup>2</sup> Sien Lok Society of Calgary, "National Conference on Urban Renewal As It Affects Chinatowns," 1969, 31.

merits.

## **2. The presence of this culture within Calgary Chinatown**

Like other Canadian Chinatowns, Calgary Chinatown promotes Chinese Canadian culture and thereby contributes to Canadian multiculturalism. Within Calgary Chinatown one finds elder homes and activity centers, herbalists, acupuncturists, language schools, tens of restaurants, clan and hometown associations, martial arts studios, the Calgary Chinese Cultural Centre, artistic groups, and the historical sites of the Canton Block, the Chinese Mission, the Ho Lem Block, and the Nationalist Building. These facilities and their contributions to Canadian multiculturalism were not easily achieved. Even though they arrived early in Calgary's history, Chinese Calgarians had to face all sorts of prejudice including the Calgary Smallpox Riot in 1892. Even in today's improved environment maintaining Chinese Canadian culture requires a firm commitment to its practice and thousands of hours of volunteer time. Furthermore, Calgary Chinatown is facing the pressures of development and gentrification. Increasingly, as condominium and office development has intensified, new Chinatown residents are unfamiliar with Chinese Canadian culture. Traditional businesses and services have been forced to leave or give way to more mainstream ones.

In the midst of a legacy of cultural achievement but faced with present-day pressures, Calgary Chinatown is striving to maintain and increase its contributions to Canadian multiculturalism. Proponents of Calgary Chinatown's organic development have defined a mission for it, including three goals directly related to culture: **1) to make Calgary Chinatown an iconic and cultural place that prides itself for its heritage, open space, Asian streetscape, and architecture; 2) to make Calgary Chinatown an inter-generational social and community hub; and 3) to make Calgary Chinatown a most visited local and tourist destination.**

Development of Calgary Chinatown's iconic and cultural resources would make it a leading attraction in the city. The festivals, Chinese New Year (Jan. or Feb.), Canada Day, Stampede Breakfast, the Chinatown Festival (Aug.), and the Mid-Autumn Festival already attract tens of thousands of participants with a minimum of public funding. The Calgary Chinese Cultural Centre displays traditional Chinese architecture and artifacts, has an exhibit devoted to the history of Calgary's Chinese, presents cultural exhibitions and performances, instructs language and art forms, and serves as a venue for many cultural groups. In Sien Lok Park there are monuments to the history of early Chinese Canadians, their sacrifices and contributions in building the nation. The City of Calgary's Chinatown Heritage Project is building on this history to develop a Calgary Chinatown identity and to strengthen Chinatown's ability to contribute to the city's vibrancy.

As for making Calgary Chinatown an intergenerational social and community hub, it is already a sanctuary for Chinese Canadian seniors who enjoy living within their native culture amid a community that values their past contributions. There are activities, such as Mahjong and Taiji, services such as medical care, and entertainment such as Cantonese opera. At the same time Calgary Chinatown is welcoming youth who come to learn Chinese, practise martial arts, perform in concerts, take art classes, participate in speech contests, play badminton, or just have a bubble tea. The Cultural Centre and other venues offer sites for celebration of life-defining events (weddings, anniversaries, and remembrances). The clan and hometown associations, which have evolved as new

immigrants have arrived from China, are active in Chinatown, as are mainstream organizations, such as the Chinatown Lions Club that recently celebrated its fortieth anniversary. Whether for the old or the young, Calgary Chinatown is a focal point for community activities and promotion of Chinese cultural values.

With regard to making Calgary Chinatown a most visited local and tourist destination, there are many attractions in Calgary Chinatown that could draw more visitors. Amid a growing interest in food and dining, Chinatown offers a unique experience with tens of restaurants, a variety of flavours—from Korean to Brazilian to Vietnamese to spicy Sichuan to Cantonese prepared meats to northern dumplings—at a reasonable cost within the space of 4.5 square blocks. Dragon City the marquee mall in Chinatown is undergoing renovations that will boost its attraction. As well, the City of Calgary's Chinatown Heritage Project will strengthen Calgary Chinatown's identity, one that can be built upon to attract more visitors to its historical sites.

### **3. The need for a Cultural Plan**

Calgary Chinatown is at a crossroads. Increasing numbers of new residents unfamiliar with Chinese culture will homogenize the community's culture, replacing Traditional Chinese Medicine practitioners with coffee shops. In the other direction, China's increasing importance in world affairs highlights Calgary Chinatown's role in connecting with China. We could allow Chinatown's culture to be diluted as it transforms into services to meet generic demand or we can recognize the value of the critical mass that Calgary Chinatown contains and support its further development.

In light of both new challenges and opportunities there is increased need to maintain the vibrancy of Calgary Chinatown and promote it as a unique place to experience Chinese culture. With this in mind, a Chinatown Cultural Plan must be specific to Chinatown, its culture, its heritage, its history, its language, its social network, its economy, its environment, and its place as a destination for all Calgarians, Albertans, Canadians, and international visitors.

### **4. Community is willing to assist**

In closing, I again encourage the Committee to support the creation of a Cultural Plan in your recommendations on the Local Area Plan for Calgary Chinatown. In advocating for the creation of a distinct Cultural Plan, I realize that it will require extra resources; therefore, I offer my assistance and I am not alone in wanting to help. Many like me worked for nearly a year in formulating a community response to a Chinatown land development application in 2016 and have continued to work since, promoting Calgary Chinatown's development. We would be willing to offer our knowledge and experience as resources for the City. Furthermore, the option of doing a Cultural Plan gives that the City an opportunity to consolidate and fortify the distinct culture that exists within Calgary Chinatown and thereby benefit our city and nation.

Views presented in this report are based on my research as presented in the monograph *From Chopsticks to Hockey Sticks: The Achievements of Chinese Canadians* (2016).

Hi Grace and Terry:  
Here is my speech for you comments:

To many Chinese, Chinatown is our home outside our home town in China, HK, Macau. With only seven blocks, it offers a place to live, to work, to learn heritage and have fun. Most of seniors living in Chinatown are considered to be lucky because it is the most walkable community in Calgary with all you need in daily life. Seniors can walk along the river with beautiful scenery and well maintained pathway. With 120 associations and 200 businesses that are mostly Mom and pop retail stores, Chinatown offers so many activities for people to join and to volunteer in this vibrant community. We can see it is packed in the evening and weekends because people down to join classes and events, to visit relatives, to shop and to eat.

CCECA is a senior drop in Centre in Chinatown to offer a comprehensive services to support seniors and their family. Many of our volunteers are seniors who are not necessarily living in Chinatown. They are the most reliable volunteers who share their talents and expertise to offer many services to people in need. With only 25 staff, our 460 volunteers are helping people everyday.

Young people come to Chinatown to visit their grandparents , to go to Chinese school, to learn Kung Fu or Chinese dance or Chinese music and to enjoy bubble tea at a corner store. Most young people have fond memory of Chinatown especially festive celebrations such as Chinese New Year and Mid Autumn Festival. We run a few Intergenerational programs such as Intergenerational cultural dolls and iPad classes. Chinatown is

intergenerational cultural dolls and tea classes. Chinatown is also a most visited place for school tours and tourist destination locally and nationally.

For new immigrants, many of them started their small business here to add favor to this cultural enclave.

In conclusion, Chinatown is a very important community for all Calgarians and visitors who want to learn Chinese culture and to try out something unique and different. I wish the council members will approve a cultural plan to preserve and maintain this iconic place that not only bringing social benefits but also economic advantage with new partner from the pacific rim. Chinatown can act as a bridge to global business with China and HK. Thank you.

I will send you some photos of Intergenerational Cultural dolls.

2018 June 14

**To:** The City of Calgary – Standing Policy Committee on Planning and Urban Development

**From:** Calgary Chinatown community residents, owners, employees, visitors and other stakeholders

On 2016 December 16, Calgary City Council heard and decided with respect to:

7.1 CHINATOWN AREA REDEVELOPMENT PLAN (ARP) SCOPING REPORT, C2016-0864

- **3. Direct Administration to conduct Phase 1 of work as outlined in the Chinatown Area Redevelopment Plan and Cultural Plan Scope of Work (Attachment 2) and report back to Council, through the Standing Policy Committee on Planning & Urban Development, with a progress report by no later than 2018 Q2.**

**Specifically, Phase 1 Q1 2017– Q2 2018 Internal Background Work and Process Development**

**Key pieces of internal background work would be completed in Phase 1. This would ensure that critical pieces of information are known, prior to working with the community to develop policy. During this phase, budget must be identified for a consultant to conduct the ARP / Cultural Plan.**

Our names, contact information and signature support the process of

- establishing a Chinatown community engagement strategy and public engagement process
- completing a new 'Chinatown Cultural Plan' which distinctly reflects Chinatown's history at the current 'designated' community location and the overall Calgary-Chinese heritage since 1883 following the settlement of migrant workers on this nation's cross-country railway and other settlement industries; and
- reviewing and updating of the 1986 Chinatown Area Redevelopment Plan (ARP) to, if not the establishment of a new ARP, to reflect a long-range perspective of land use, building development, green space, roadways and pedestrian connections, parks, river access, and cultural elements relative a new 'Chinatown Cultural Plan'.

which is consistent with City Administration's recommendation Option #3. We do not support anything less this supported process as it defies the intent and expectations of City Council's approval '...to work with the community to develop policy'.

2018 June 14

## 向市政府爭取唐人街建立 新的【地區重建計劃】和【文化計劃】

### 市議會於 2016 年 12 月 16 日議決：

7.1 就唐人街地區重建計劃 (ARP-Area Redevelopment Plan) 和文化計劃 (Cultural Plan) 進行第一階段的探討工作，在 2018 年第二季度通過規劃和城市發展常設政策委員會 (Standing Policy Committee on Planning & Urban Development) 向市議會報告進展情況。

市政府職員有三個提議，其中第一個提議是維持 1986 年的唐人街地區重建計劃 (ARP)，不作改變。第二個提議只有加少許文化色彩，我們都不能接受。

### 建議市民接納第三個提議(新 ARP 和唐人街文化計劃)：

- 建立唐人街社區和公眾參與策略和程序
- 完成一項新的「唐人街文化計劃」，明確保存唐人街的歷史卡城中國文化遺產
- 建立新的 ARP，以反映長遠的土地運用、樓宇發展、綠化環境、道路、行人通道、公園、河流通道及文化元素等的「唐人街文化計劃」

### 市民支持方法：

1. 簽名(請親臨卡城華人耆英會或致電 403-269-6122)
2. 向市議會寫信-選擇第三個建議:要求一個新的地區重建計劃(ARP)和文化計劃(Cultural Plan)
3. 參加 6 月 14 日早上九時半的規劃和城市發展常設政策委員會 (Standing Policy Committee on Planning & Urban Development)
