## Development provides benefit to our city

#### New community development benefits our city:

Economic benefits of community growth include:

- Attracting private investment
- Creating jobs
- Generating new property tax revenue

As we plan strategically for growth, we ask:

- How should Calgary grow?
- Where should Calgary grow?
- What is the required investment in growth that is right for our city?

## The New Community Growth Journey

#### **New Community Growth Strategy**

- 2018 January (C2018-0122)

\$18 - 20 billion

**Total Construction Jobs:** 

70,000 - 80,000 jobs

**Total Permanent Jobs:** 

12,000 - 15,000 jobs

#### **Financial Capacity/Benefits**

- Public investment in capital and operating is anticipated to leverage private investment in land development
- Creates/retains thousands of temporary construction jobs, supports hundreds of future permanent jobs
- Represents a financially prudent recommendation for both 2019-2022 and 2023 and beyond as it meets both the MDP/CTP and market factors
- Recommended portfolio stays within Council approved indicative tax rate range of 0.45 to 0.75 per cent
- Recommended portfolio stays within Council approved indicative utility rate range of 0.0 – 0.5 per cent

One Calgary
2019-2022 Service Plans and Budgets

## **A Strategic Decision Framework**

The portfolio of eight community areas meets all three components of the strategic growth framework

**MDP/CTP Alignment** 

**Market Demand** 

**Financial Capacity** 

#### **Next Steps**

#### For all business case proponents

 Administration will meet with all proponents to discuss next steps and options for planning applications and the two year evaluation cycle

#### For Administration and Council

- Administration to include capital and operating associated with approved new communities in the One Calgary 2019-2022 service plan and budget in 2018 November
- Coordinate with Infrastructure Calgary on timing and deliverability of infrastructure
- Begin work on integrating utilities infrastructure into the Off-site Levy Bylaw amendment
- Complete work on associated Growth Management Overlays

## **Risks**

If no new communities are approved	If the recommended portfolio is approved	If more than the recommended portfolio is approved (All risks in previous column plus)
Potential loss of private investment (capital flight)	<ul> <li>Cash flow risk if development does not proceed as expected (as highlighted by UEP on June 18); potential to increase debt</li> </ul>	Debt limit and opportunity costs of capital
<ul> <li>No investment in 27 Actively         Developing areas <u>and</u> no new             growth may result in under             supply of single residential             product by 2022     </li> </ul>	<ul> <li>Increasing the number of communities may result in dispersed absorption and less efficient servicing due to increased costs, possibly without tax base to cover costs</li> </ul>	Over supply in single and multi residential and non- residential
<ul> <li>Investment only in 27 Actively         Developing areas may result in         under supply of single residential         by 2026     </li> </ul>	Risk of not meeting developed and developing areas growth split in MDP	Capacity constraints of City to deliver capital and services
May impact housing affordability	<ul> <li>Continues to add multi residential capacity to a market that is currently oversupplies</li> </ul>	
<ul> <li>Would not open East and NW sectors, limiting customer choice</li> </ul>		

#### Administration Recommendation:

#### That the Priorities and Finance Committee:

- Recommends that Council, for the eight new community and community activity centre areas identified in Attachment 1 (PFC2018-0678):
  - a) approve these areas for growth, contingent on Council's
    - approval, in 2018 November as part of One Calgary 2019-2022 four year service plan and budget, of the specific capital and direct incremental operating budgets necessary to support these areas, based on Council approved indicative property tax and utility rate ranges; and
    - ii. removal of Growth Management Overlays for each area; and
  - b) confirm Council's intention to provide, through 2023 and future years' capital and operating budgets, the necessary public infrastructure and services to serve and support these areas.

#### **Administration Recommendation:**

#### That the Priorities and Finance Committee:

- 2. Recommends that Council, for the eight new community and community activity centre areas identified in Attachment 1 (PFC2018-0678), direct Administration to:
  - include the estimated capital and direct incremental operating investments identified in Attachment 1 (PFC2018-0678), including any changes to the estimates, in 2018 November as part of One Calgary 2019-2022 four year service plan and budget, subject to the required operating and capital funding being in place;
  - b) prepare bylaws for proposed Area Structure Plan amendments to remove Growth Management Overlays, and bring these amendments to Council as soon as feasible following Council's approval of One Calgary 2019-2022 four year service plan and budget; and
  - c) continue to refine the 2023 and future years' capital and operating budget estimates identified in Attachment 1 (PFC2018-0678), and when needed bring incremental additional budget requests to Council for the necessary public infrastructure and services to serve and support these areas.

#### **Administration Recommendation:**

That the Priorities and Finance Committee:

- 3. Directs that this Report proceed to the 2018 July 30 meeting of Council.
- 4. Recommends that Council direct Administration to bring the next recommendations for new community growth and development approvals by no later than 2020 March, and in coordination with the One Calgary 2019-2022 four year service plan and budget mid-cycle adjustment process.

## **Proposed Outcomes From Today's Meeting**

Priorities and Finance Committee's conclusions and recommendations on:

- 1. New community growth area recommendations to Council.
- 2. City funding commitments for new community growth areas:
  - a) 2019-2022
  - b) 2023 and future years
- 3. Every two years' cycle for future years' growth decisions
