

## Results Based Accountability Framework Summary

The following results based accountability framework summary will guide the implementation, monitoring and reporting of the proposed Sport for Life Policy. The measures will be refined further to align with the Calgary Recreation Zero Based Review and One Calgary (2019-2022).

### HEADLINE Population Indicators

- % of adult Calgarians physically active enough to experience health benefits.
- % of 5-17 year-olds that accumulate 60 minutes of moderate to vigorous physical activity per day.
- % of 5-17 year-olds that meet the Canadian Sedentary Behaviour Guidelines.
- % of Calgarians who agree they have easy access to places where they can get physically active.
- % of Calgarians who strongly agree they have access to and information about sport programs.
- % of Calgarians<sup>1</sup> that regularly participate in (i) organized sport; and (ii) unstructured sport activity (e.g. play).

### HEADLINE Performance Accountability Measures

how much did we do?	how well did we do?
<p># of participants (by key demographic) registered in:</p> <ul style="list-style-type: none"> <li>• introduction to sport programs;</li> <li>• recreational sport programs;</li> <li>• structured unstructured sport programs; and</li> <li>• community-level sport programs and initiatives.</li> </ul> <p># of open spaces</p> <ul style="list-style-type: none"> <li>• available for unstructured sport (e.g. play); and</li> <li>• activated through the provision of structured unstructured sport programs.</li> </ul> <p># of sport infrastructure population targets achieved.</p>	<ul style="list-style-type: none"> <li>% of sport programs and initiatives that achieve the quality sport experience standard.</li> <li>% amenity utilization by sport infrastructure type.</li> <li>% of clients that strongly agree that sport event processes are simple.</li> <li>% of customers / clients that agree that allocation practices are (i) fair (ii) equitable (iii) transparent and (iv) consistent.</li> </ul>
is anyone better off?	
<ul style="list-style-type: none"> <li>% of participants (or guardians) that strongly agree that sport programs are Accessible.</li> <li>% of participants (or guardians) that strongly agree that sport programs are Inclusive.</li> <li>% of participants (or guardians) that identify an increased comfort level in exploring sport choices.</li> <li>% of participants meeting the daily moderate to vigorous activity guidelines as a result of each program or initiative.</li> </ul>	

<sup>1</sup> Broken down by demographic, where data is available, such as gender, age, quadrant and underrepresented group.
