

## Event Centre Assessment Committee

### DRAFT PRINCIPLES

#### Draft Principles

1. Public money must be used for public benefit
2. There must be extensive stakeholder consultation
3. West Village must be designed and developed as a vibrant mixed-use neighbourhood
4. Any new fieldhouse must meet the needs of key stakeholders including but not limited to, the University of Calgary, amateur sports groups, and the general public
5. Any new arena-stadium/event facility located within or near Calgary's centre city, must complement the existing amenities of the centre city, and contribute to the centre city's long-term vibrancy and appeal
6. The cost for remediating contamination of the West Village site should be the responsibility of the polluter(s), to the extent that such recovery is legally possible.
