Re: Bowness Historical Society Application for Commemoration

The Bowness Community Association is happy to provide this letter in support of the Bowness Historical Society in their application for Commemoration for an interpretative sign at 6704 Bow Crescent N.W. honouring a Bowness pioneer, Tony Schmaltz. The Bowness Historical Society does much to recognize, promote and present the importance of history in Calgary and in our community.

We look forward to this project coming to fruition and continued work of the historical society in all they do for Bowness.

Yours truly,

Re: Application for Commemoration

To Whom-It-May Concern,

It is with my pleasure to provide the Bowness Historical Society a letter of support for their Application for Commemoration. The Bowness Historical Society consists of a small group of dedicated community people who focus on preserving the history of Bowness. The Bowness Historical Society is an illustrious group – to date they have published two books and launched several projects to promote the history of Bowness, including the naming of John Hextall Park and hosting events such as the annual historical homes tour.

My office has spoken to the president of the Bowness Historical Society - Carole Carpenter-Ghertsen about this application for Bowness pioneers. This application would help to honour Bowness volunteer Tony Schmaltz. This commemoration would include a photo, image and history about Mr. Schmaltz at 6704 Bow Crescent NW.

I support the Bowness Historical Society because I believe the work they do is important to preserve history in Calgary. I applaud their efforts and wish them the most success in this application.

Regards,

Ward Sutherland

Councillor Ward 1

Hi Michelle,

Thank you for your email. As you know I met Carole Carpenter at a Bowness Historical Society meeting and that is how she reached out to me to find out more information on my Uncle Tony Schmaltz and Aunt Ruby Schmaltz.

I have looked up the family history and they did not have any children, so it is safe to say I am one of their "living relatives". I have discussed this opportunity with several of my cousins as well as my brothers and I am happy to provide "permission" to honour my Uncle and Aunt with the legacy of naming a park in Bowness after them. As a nephew of Uncle Tony and Aunt Ruby I am fully qualified and honoured to support your efforts in this regard.
