

## MSI replacement

- Predictability for financial planning
- Assurance that funding will grow with the economy

## MSI replacement

### **2017 AUMA member resolution:**

...that AUMA seek a commitment from the Minister of Municipal Affairs to timely, inclusive and comprehensive consultations with municipalities on the future of provincial revenue sharing to occur within the first six months of 2018 to ensure adequate time for feedback to be incorporated prior to expiry of the Municipal Sustainability Initiative (MSI) and that the details of those consultations are shared with municipalities sufficiently in advance.
