Increasing transparency for citizens

Tracking Balancing Taxation and Service Delivery Levels: Increase Taxes versus Cut Services

Municipal property taxes are the primary way to pay for services and programs provided by The City of Calgary. Due to the increased cost of maintaining current service levels and infrastructure, The City must balance taxation and service delivery levels. To deal with this situation, which of the following four options would you most like The City to pursue?

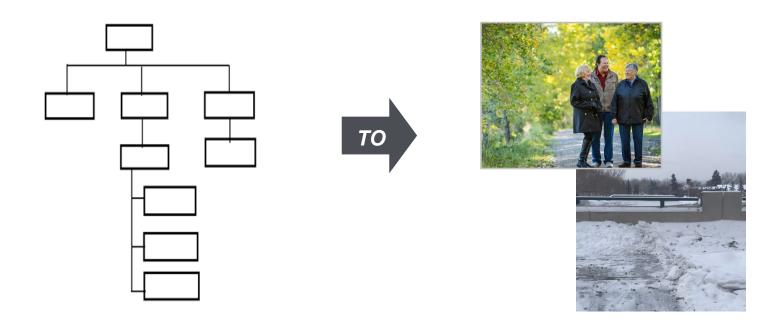

Base: Valid respondents

*Rounding

Focusing our plans and budgets on what matters most to citizens

Intentional shift in focus from **how** we do things and **who** does them, to **what** services citizens are receiving and **why**

Organizational Focus:

E.g. **Two business units**: Roads, Parks

Service Focus:

E.g. **One service**: Sidewalks & Pathways

Bringing the three conversations together

Journey to service-based plans and budgets

From Action Plan to One Calgary

Moving to service-based plans and budgets

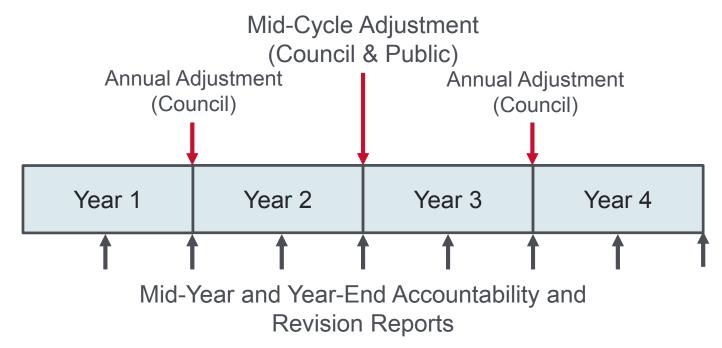

Multi-year budget cycle principles do not change

Approval, monitoring, reporting, adjustment

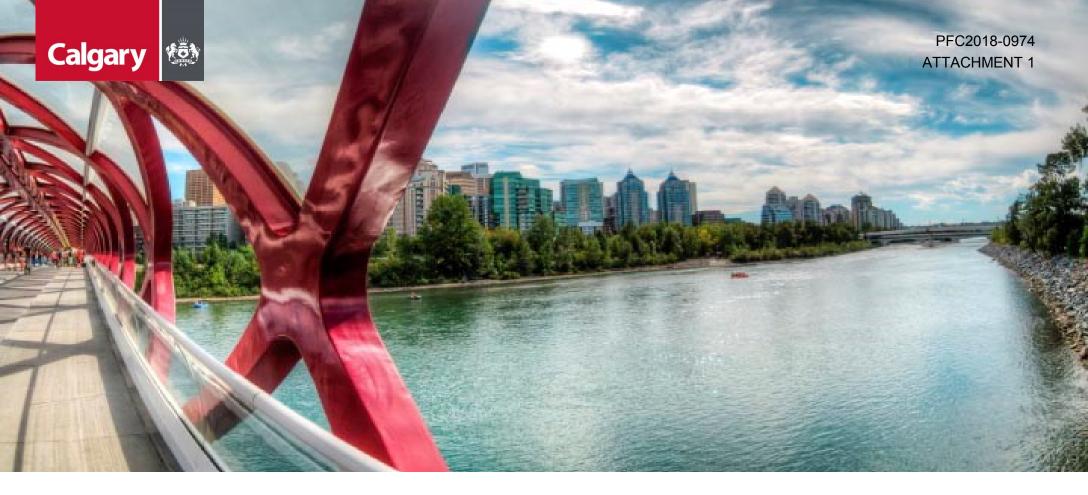

The Four Year Cycle

Once plans & budgets approved, there are opportunities to make changes during:

- Annual adjustments
- Mid-Cycle adjustment
 - Review plans, revisit Council Priorities, engage citizens

Indicative Tax Rate Approved for 2019-2022 – Updated for Growth decisions since April 25, 2018

Proposed Rate Range Per Year	2019	2020-2022
Indicative Tax Rate Range without inflation	1.3% to 1.6%	1.3% to 1.6% per year
Indicative Tax Rate Range inflation	0.8% to 1%	0.8% to 1% per year
WRS Financial Policy change	(1.3%) base impact in 2019	
Total Proposed Indicative Tax Rate Range without Growth	0.8% to 1.3%	2.1% to 2.6% per year
Indicative Rate for Actively Developing Communities *	1.4% base impact in 2019	0.4% per year
Indicative Rate for New Communities*	0.45% to 0.75% base impact in 2019	
Total Proposed Indicative Tax Rate Range with Growth	2.65% to 3.45% 2.95%	2.5% to 3% per year

Indicative tax rate will focus on maintaining service levels as much as possible in services that are aligned to Council's priorities

^{*} Growth tax rate is based on July 30, 2018 Council decision

Budget constraints

- The approved indicative tax rate, along with our efficiencies and effectiveness strategies, allow for an operating budget that is mainly focused on maintaining current level of service for most of the services. Anything above this requires more investments decisions.
- Service level reductions in some services are required to balance within the indicative tax rate and some reductions are required in order to be redirected to higher priority services
- Some services will see an overall decrease in their operating budget over the next four years
- Significant Council commitments that have been already made that must be afforded in the non-inflation indicative tax rates (e.g. BRT, CADA, Main Streets impacted the investment decisions)
- Due to a constrained capital budget, not all essential capital asks can be funded. Infrastructure Calgary has worked with the organization to ensure the most essential capital investments are recommended (meet legislative, regulatory, public safety, critical infrastructure etc).

New Community Growth Strategy

Funding Direction for Approved New Communities (2019 -2022)*

Tax Rate Increase Approved	Up to 0.75 % base increase in 2019
Water Utility Rate Increase Approved	Up to 0.5 % annual increase

# of Communities Supported	14 communities
Total Infrastructure Capital Investment Supported	\$266 million
Tax-Funded City Share of Capital Investment Supported	\$40 million
Tax- Funded Operating Budget	\$14 million

^{*}Approved at 2018 Jul 30 Combined Meeting of Council, "New Community Growth Strategy 2018 – Further Review and analysis Directed Through PFC2018-0678", C2018-0900.

^{**}Only the Direct Incremental Operating Costs are funded from the tax rate

27 Actively Developing Communities ATTACHMENT 1

Funding Direction for Actively Deve	eloping Communities (2019-2022)*
Indicative Tax Rate Approved	1.4% in 2019 0.4% per year, 2020 - 2022
# of Communities Supported	27 communities
Total Infrastructure Capital Investment Supported	\$119 million

Unfunded Initiatives potentially impacting 2019 FACHMENT 1 2022 plan and budget

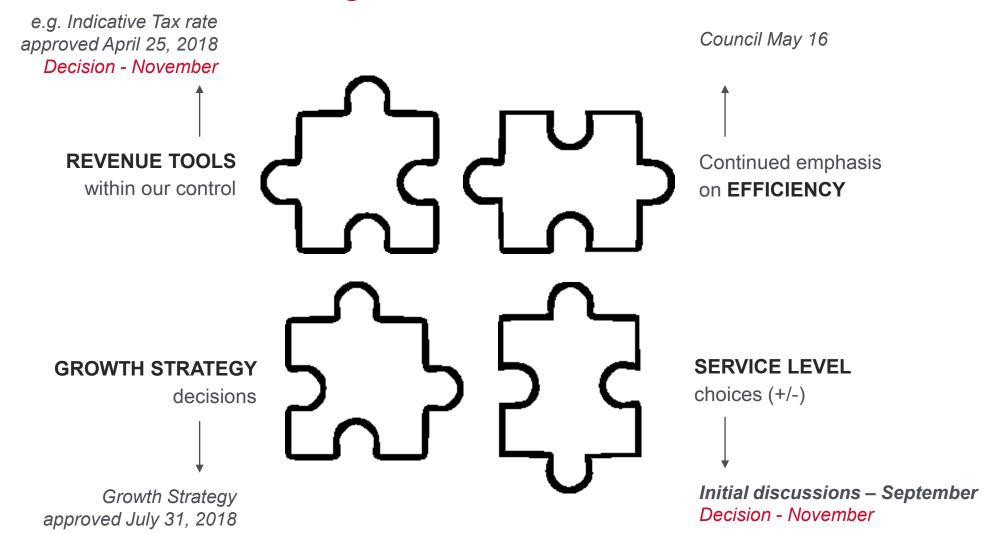

Unfunded initiatives

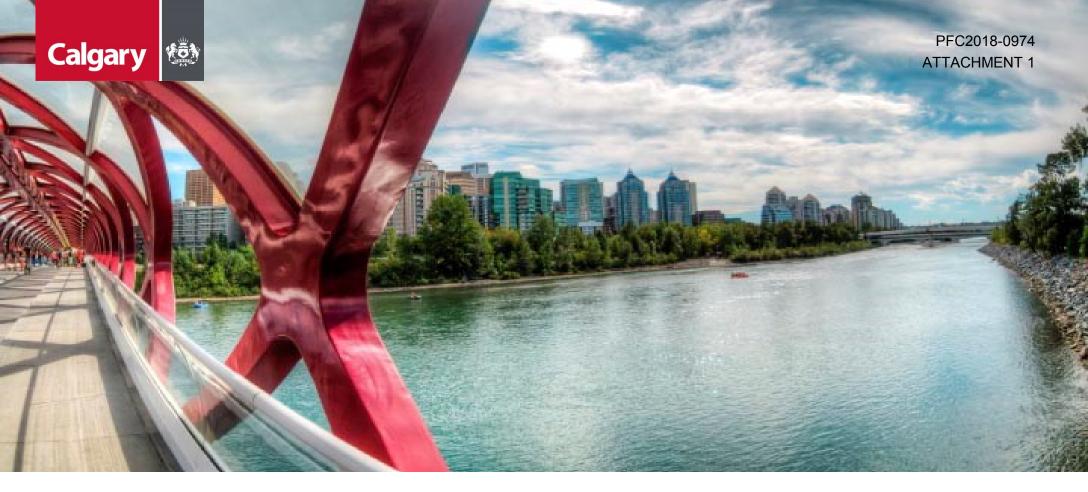

- Affordable Housing (partial funding recommended)
- Arts Commons
- BMO Convention Centre
- Event Centre
- Fieldhouse
- Green Line (operating budget)
- 2026 Olympic and Paralympic Winter Games
- Snow and Ice Control Enhanced Sidewalks
- Additional resources to support growth strategy review and update

Investment desires beyond the set indicative tax rate – currently unfunded

How do we respond to these funding challenges?

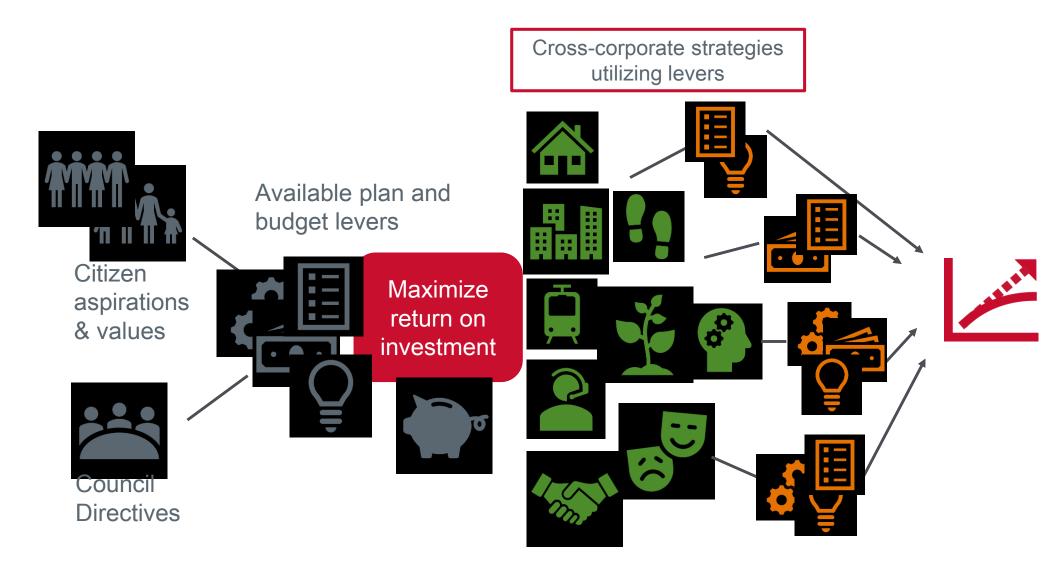

One Calgary Approaches

Cross-corporate service plan strategies

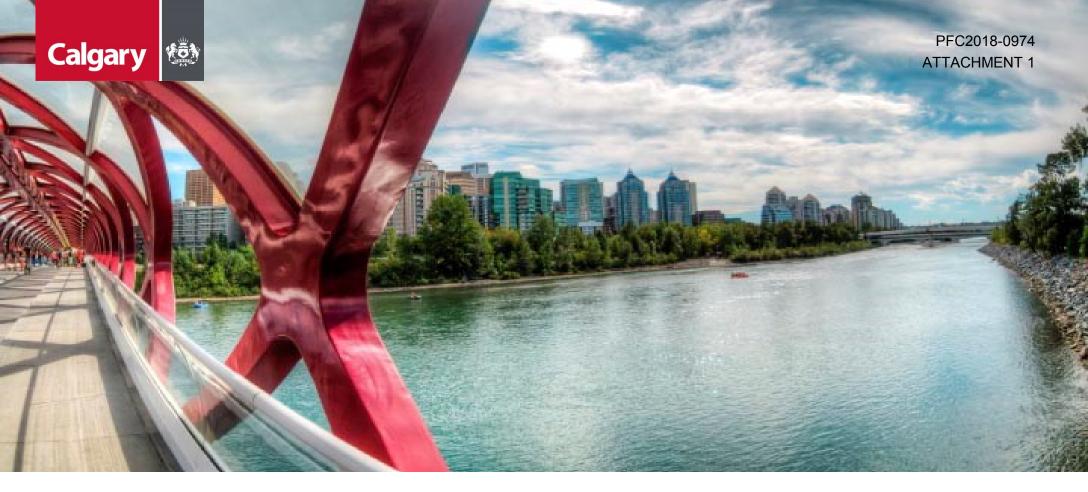

Cross-corporate service plan strategies

- Build a resilient transportation network
- Build a more resilient and sustainable city
- Develop a dynamic and diversified economy
- Develop strategies to manage greenhouse gas emissions and reduce climate change risks and vulnerabilities
- Foster diversified communication and engagement with all Calgarians
- Increase accessibility to Transit for Calgarians
- Manage growth in a way that achieves the best possible social, environmental and economic outcomes within financial capacities
- Protect historic resources and promote arts and culture
- Provide sufficient supply of affordable housing
- Reduce corporate risks and strengthen safety and insurance
- Strengthen indigenous relations
- Support the delivery of City of Calgary services through enabling services

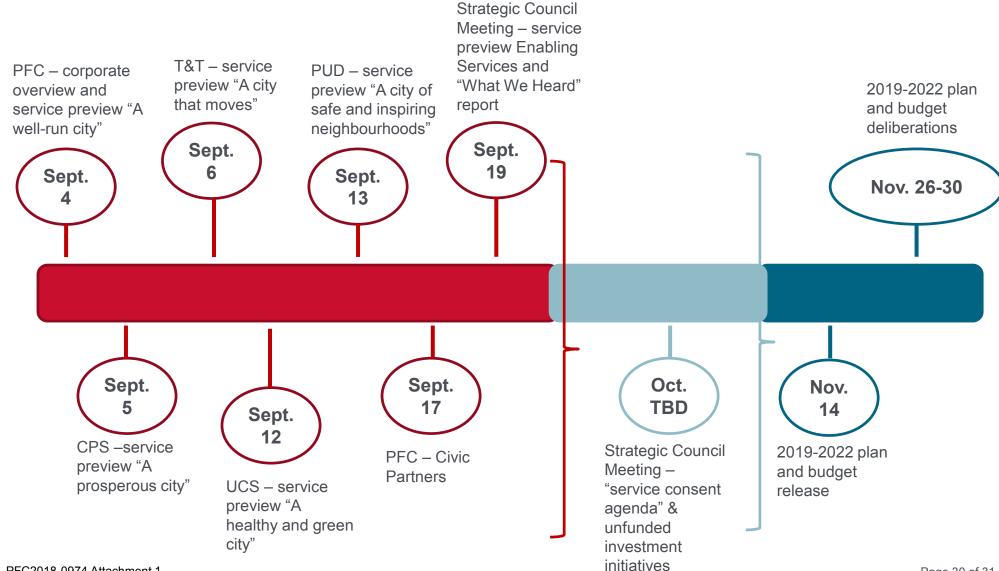

Capital budget

- Infrastructure Calgary introduced a new corporate capital investment management process that uses an integrated and coordinated approach to capital planning, prioritization and funding.
- Administration was proactive in assessing the essential nature of the capital investment ask to support service based delivery. Capital asks are segmented according to essential, current and enhanced.
- This approach helps coordinate and align investments by service, identify efficiencies and achieve economies of scale, optimizing funding and value to citizens.
