**A) FCM Annual Conference and Trade Show**

The FCM's 2018 Annual Conference and Trade Show took place in Halifax earlier this month. Over four days, more than 2000 municipal leaders came together to exchange ideas, network with peers, and learn from experts. Highlights included:

- Approval of six resolutions, calling on FCM to advocate on issues ranging from marine litter to a federal "rural lens";
- Election of a new FCM President, Mme. Vicky-May Hamm, the mayor of Magog, Quebec; and
- Speeches from the leaders of all four major, national federal parties, including Prime Minister Justin Trudeau.

In consultation with the five members of Council in attendance in Halifax, Intergovernmental & Corporate Strategy will be preparing a report on the conference activities for the July meeting of this committee.
