To whom it may concern

The Hounsfield Heights Briar Hill Community Association very much appreciates that New Leaf Cannabis / The Green Co has reached out to us regarding their proposal to rezone Lions Park Plaza at 1515 19 St NW – especially at such an early and opportune stage of the application process. Based on consultation with our residents who would be most affected by this proposal, our Strategic Planning Committees believes that it adequately represents the interests of our residents and the community as a whole. As such, we endorse New Leaf Cannabis / The Green Co's application to amend the land use designation for Lions Park Plaza as outlined in the proposal attached below.

Please contact me if you require further information or if the Community Association can otherwise be of assistance regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeff Marsh'.

Jeff Marsh
