Green Line City Shaping Update

Report to SPC on Community & Protective Services
2017 April 05

City Shaping

Through engagement citizens have told us:

"Public transit is part of what brings neighbourhoods to life, and part of what lets us people from across the city experience those neighbourhoods. That is what the Green Line is going to do."

"I'm excited for new residential opportunities with shops and services, and the idea of creating a community space that's multi-functional and will build vibrancy in the community."

Administration Recommendations

That the SPC on Community and Protective Services recommends that Council:

1. Receive this report for information;
2. Direct Administration to report back through the SPC on Community and Protective Services with a City Shaping framework no later than 2017 June; and
3. Forward this report as urgent business to the 2017 April 10 Combined Meeting of Council together with the associated reports of the SPC on Planning and Urban Development and the SPC on Transportation and Transit.
