Re: Support for Affordable Housing in 2019 Budget

Due to scheduling conflicts, most regretfully, I am unable to attend in person on behalf of the Community Affordable Housing Collective (CHAC) to speak in favour of Council's support of Affordable Housing, as presented by administration, in the 2019 One-Calgary Budget.

Our CHAC letter has been submitted and will be presented by Lisa Litz of Horizon Housing, on behalf of CHAC Co-Chairs, Martina Jileckova and myself.

BILD is proud to be associated with CHAC and support the efforts of the Collective. Our association advocates for Housing Choice and Affordability, and recognizes the interconnectivity of the full spectrum of housing from homelessness through to and near-market rent and market rent and home ownership.

Again, our appeal to Council is to support Affordable Housing in the 2019 Budget.

Regards,
BILD Calgary Region

Beverly Jarvis.
