Enhanced Landscape Maintenance (Enhanced Communities)

In enhanced communities, uplift can occur in the following maintenance services within parks and boulevards:

- Flower / shrub bed establishment and care
- Turf mowing / trimming / cleanup
- Irrigation
- Weed management
- Turf aeration / fertilization / top dressing
- Pathway snow clearing

Cost Analysis: Community-Wide Implementation of Enhanced Standards

•Enhanced levy ranges from \$39 to \$219 per dwelling (2016)

•#1 community ask is floral horticulture; typically 50%+ of enhanced community budgets are spent on flowers

•Cost of enhanced maintenance is approximately 10 times higher than standard maintenance costs

•A \$5 city-wide, per door tax levy would generate approximately \$2.35M

•Cost to replicate enhanced level of service across city is very high

Calgary  **Proposed Banner/Flower Pilot Program**

- Current 96% Citizen Satisfaction rating for Calgary Parks (2015)
- Banner / flower pilot conducted in NE Calgary in summer 2016 to gauge interest in a program to celebrate Canada's 150th birthday
- Calgary Parks proposes to expand on this work and continue a modest two-year banner / flower pilot program
- Anticipate adding up to 20 communities per year (2017, 2018) across the city
- Analysis of pilot would inform future options
