

Engagement Program Overview

The key objectives for the engagement that has taken place so far were to:

- educate the public on general information about The City's Corporate Affordable Housing Strategy;
- share with the community what type of development is being proposed in their community and associated land use changes; and
- provide an opportunity to gather initial community questions and feedback / input on the proposal.

A second phase will focus on obtaining public feedback on a high-level design and a third will be an information-only event where the community will be able to see the design and understand how previously given feedback was incorporated into the design.

Local context considerations made for the engagement program included targeted sessions held with the community association and the adjacent church.

Engagement program results:

- open house, Calgary Scandinavian Centre, 2018 November 8
 - 125 people attended
- online survey, 2018 November 8 - 22
 - 7 participants

Notice posting responses:

- Administration received 10 comments regarding the application from the notice posting.
