Dear Councillor Farkas

Re: Stop/Arret Biligual Stop Signs

Thank you for sharing the proposed motion to install bilingual stop signs in Cliff Bungalow – Mission Community.

Our community was the cradle of French language and culture in what is now Calgary. The Village of Rouleauville was part of our community. The street names in Rouleauville were in French. Most current street signs in our community recognize the original names as well as the current street numbers.

We have done extensive research on our history and have published an award winning book on the history of our community. The Francophone community was an integral part of that.

Some time ago, I had a meeting with the Francophone community during which the concept of bilingual stop signs were discussed. The concept was only for one street. I suggested that this proposal be changed be to the whole community as there are deep Francophone roots throughout our community.

Our community supports bilingual stop signs in our community. It will help raise awareness of our rich and unique history as a community.

Yours truly

R. V. (Bob) Lang, President
Cliff Bungalow – Mission Community Association
