

Development Permit (DP2019-2392) Summary

A development permit application (DP2019-2392) for a change of use was submitted by Larco Infrastructure Alberta LTD on 2019 May 14. The development permit application is to accommodate a Place of Worship – Small. The following excerpts (Figures 1 and 2) from the development permit submission provide an overview of the proposal and are included for information purposes only.

The existing building was approved in 2015 (DP2015-2203) for offices and a self-storage facility. Administration's review of the current development permit application will consider the internal layout of the place of worship and the provision of parking. A decision on the development permit application will not be made until Council approves the land use amendment.
